October Mission to Northern China

(Continued from last issue) As we arrived at the meeting, people already waited for a long time. I immediately began to pray for people and they were greatly touched by the Holy Spirit until midnight. The next morning, another group of people showed up at the meeting to receive prayers after my preaching. We rushed to the next village in the afternoon. I laid hands upon everyone there after preaching. The next morning, another group showed up and **overflowed** to the courtyard. After preaching, I prayed for the people to be **filled with the Holy Spirit**. Some wept, some laughed and some were speaking in tongues. We then were on the bus to the next city and arrived at dusk.

That evening, we stayed at a church in a remote village. After preaching in the next morning, I prayed for the people and they fell down in tears. In the afternoon, **the Holy Spirit moved mightily**, especially on those **young students**. Many children were also blessed with the laying of hands. We proceeded to the next city that night, and held meeting at another village the next morning. It's the first time for many of them to experience the work of the Holy Spirit and they did not quite understand. In the afternoon, **the Spirit of joy** moved mightily and people fell all over the place in holy laughter. We were on our way to the next city and arrived at a village. The next morning, many young people and coworkers fell down quietly when received prayers.

I took an overnight train to a city in **Shanxi** that evening. After arrived in the morning, I immediately went to the meeting place. After preaching, I gave an alter call for repentance and many people rushed to the front. I prayed for them and they fell all over the place. But the local leader couldn't take it and asked people to get up from the floor. We met again in the afternoon and I decided to **pray for the sick**. The place was out of control and people rushed forward to receive healing. It took long time to pray for them and God demonstrated many **healing miracles**. I took a plane to a **major city** that evening and had some rest the next day. In the evening, we had a house meeting at a nearby **orphanage** and I prayed for many young girls from **Ningxia**. Many of them fell down in tears and received deliverance.

The next morning I was on a flight to a city in **Liaoning**. The evening meeting was held in a hotel, packed with people from various churches. I preached under the anointing and then prayed for people in groups. A brother received healing and was able to run on his own. We traveled to another city the next morning and held an afternoon meeting at a Bible training facility. After praying for their students, we rushed to a house meeting to minister to a small group. We then went to a city in **Shangdong** that evening by boat. The next morning, I ministered to some youths and children with the laying of hands. The next day, we met at a large barn in a village with **over 1,000 people** attended. After preaching, I laid hands on all of them. As I prayed in the afternoon, all the people **fell down from the front to the back**, filled with the Holy Spirit. Later I prayed for the college students, coworkers, and all the sick.

November Mission to Northwest China

In December, our coworker made a two-week mission trip to **XinJian, China**, held meeting at **14 places** and ministered to over **1,200 people**. The local leader arranged a **minivan with a bed for resting inside** and we traveled over **3,000 kilometers** under tight schedule. We ministered during the day and traveled at night with three coworkers took turn to drive. We encountered several **strong snowstorms** while went through the big mountains. The icy road had caused us **some dangerous situation**. First we collided into a snowplowing vehicle and almost hit by a bus. Then our minivan skidded and almost ran off the cliff. The fuel line also froze several times which could strand us in the middle of nowhere. Thank God for His protection upon us and we were able to accomplish this **unforgettable mission experience**. We also tasted many different types of regional food during this trip, especially the lamb meat.

After arriving at a city in **XinJian**, I ministered to the young people first and then to a group of businessmen in the evening. We began to travel the next day, ministering to many **house churches in remote areas** and **the Holy Spirit moved mightily** at each place. Everyday I led the people to **repentance** in the morning, and then they were **filled with the Holy Spirit** in the afternoon. Lastly I prayed for the sick and anointed the coworkers. Then we moved on to the next place. Lastly we returned to the major city. The next morning many coworkers packed the meeting place. After preaching, **the Holy Spirit descended and moved strongly** among them. Many were burning with **the revival fire**. On the last day, I ministered to a local house church with many believers attended the meeting. After preaching, **the Holy Spirit began to move strongly** and many were weeping. People were handpicked out to receive prayers and they all fell down in tears.
