June Mission Trip to Malaysia, Brunei

From the end of May, I made a three-week mission trip to **Malaysia and Brunei**, held meetings in **10 places**, ministered to more than **2,200 people**, and led over **60 people** to the Lord. Despite the threat of the H1N1 flu, God protected us as we ministered from places to places. We had a very tight schedule this time, and we could not have completed the trip without the help of our local coworker **Cindy Chung** and her husband.

After arriving at **Kuala Lumpur**, I stayed at DUMC Elder Wong's home. The next evening at **Glad Tidings AOG church** we began a 3-day meeting. They fasted and prayed for 10 days already, **waiting for the Holy Spirit to come on the Pentecost**. After preaching, I prayed for the anointing on all the coworkers. After the meeting, **a mother introduced her son** to me, whom I ministered to nearly 10 years ago. The prophecy I spoken at that time already fulfilled in his life, which brought great comfort to my heart. In the next evening, **I was filled with the Holy Spirit** and fell on the floor during the worship. Later after I preached, **suddenly the Holy Spirit came**. Several were filled with the Holy Spirit and fell on the floor. **Many rushed to the front** and prayed on their knees. **Many were touched by the Holy Spirit** and I laid hands upon them on the platform. **The Holy Spirit moved mightily**. Many were filled with the Holy Spirit and spoke in tongues. I finished with prayers of blessing for all the families. The next morning, I preached at their Sunday service, interpreted into Cantonese, and prayed for those in hardship and for the children. I preached again at their second Sunday service, and prayed for the children and the working people.

In the evening, I ministered at a **spirit-filled Methodist church**. Before the meeting started, **the young lady pastor** surprised me with her restriction on the way I ministered. **I was very angry and rebuked her**. It is a great offense to the Holy Spirit if people want to restrict the way God moves. God knew beforehand and He gave me a strong message to preach. To my surprise, **many responded to the alter call** and several wept strongly. Many fell on the floor quietly after receiving prayers. I could not fall asleep that night and was deeply concerned with this young lady pastor who doesn't know to follow the move of the Holy Spirit. The anointing is strong during the worship in the next evening. After preaching, I laid hands on people and they fell down quietly in God's presence. In the final evening was the leadership training. I preached without any reservation and prayed for them afterwards. I felt my burden was lifted because I have done my job in delivering God's word to them.

We went to **Sitiawan** on the next day and stayed at a sister's new home. She was about to get married and asked me to pray for her family. Like in the last trip here, **FGBMF** hosted an outreach dinner at **Chin-Hock Methodist Church** with over 500 attendees. The PA system was improved, but only a dozen or so came out at the alter call to accept Jesus. The majority of the attendees were believers. We then went to **Teluk Intan** the next day. The local **FGBMF** hosted a gospel dinner with over

200 attendees. After preaching, over 20 people responded to the alter call, including a young man who came on a wheelchair because of a car accident. I then prayed for the sick. A teenage girl was moved by the Holy Spirit and wept strongly. We came back to Kuala Lumpur that evening and arrived after midnight.

The next day we went to **SIB KL Church's family camp** at a resort in **Melaka**. The main theme was **"Rebuilding the Alter of God."** After preaching in the first evening, I gave an alter call for repentance. I then gave two teaching sessions the next morning. In the evening, I preached and then prayed for people to **receive the baptism of the Holy Spirit**. Many were filled with the Holy Spirit and spoke in tongues. I then prayed for all the couples. The next morning was their Sunday service. After preaching, I first prayed for anointing on their coworkers, and then **the Spirit of joy came**, with many filled with great holy laughter. We then rushed to the same hotel nearby the airport where the three-day **Young Adults Discipleship Training Camp** was held. It was hosted by our ministry with the theme **"Imitating Christ."** After teaching in the first evening, to my surprise, the brothers wept strongly first. The sisters were moved to tears the next morning and many fell on the floor quietly in the ministry time. We had a Q&A session in the afternoon. A worship team from an AOG church led the worship in the evening and we all danced before God. After preaching, I laid hands on them and **the Holy Spirit moved mightily**. Many were on fire of the Holy Spirit and cried out aloud. The next morning, I preached on **"Imitating the Death of Christ."** Several came out and wept strongly responding to the alter call. After teaching in the afternoon, I prayed for those who have personal needs.

The next evening I preached at brother's meeting at **Glad Tidings AOG church** and gave the alter call for repentance. I laid hands on them to receive the power of the Holy Spirit for holiness. I then ministered at **PuChung Gambling Rehab Center** the next evening. This special kind of ministry is very important to the Chinese people. After preaching, I prayed especially for the deliverance of the people from the spirit of addiction.

The next morning, I took a flight to **Brunei**. I preached gospel message at **Agape Family Center** in the evening. About 10 people responded to the alter call for accepting Jesus and several were teenagers. Two people wept strongly when they received the prayer for deliverance. Many more came the next evening with more than a dozen accepting Jesus, including many local young people and the elderly mother of a brother on a wheelchair, who was able to walk after receiving the prayer. As I prayed for all the couples, they all fell down in God's presence for a long time. The next day I went to minister at the Sunday Service of their branch church in the nearby city. Not many people attended and several were foreigners. I preached with English interpretation. After I led some people to the Lord, I prayed for the sick. Later I took a flight back to Kuala Lumpur, then to the United States on the next day.
