July Gospel Crusade in San Jose, USA

In July, I ministered at two evening meetings for the gospel and healing crusade at **River of Life Christian Church in San Jose, California**. Many showed up for the Thursday night meeting. After the worship, a sister shared her testimony about how **she came to Christ six years ago** when I ministered at this church and later **her son recovered from autism**. After preaching on "Jesus Came to Save Sinners", I gave an alter call for all sinners to repent. **Hundreds rushed to the front on their knees in prayers** and many were in tears. Later I prayed for some of them on the platform. I led over a dozen to the Lord and then prayed for the sick, especially those with cancers. More people came the next night. After the worship, a sister gave her testimony about her husband's conversion before he died from sickness. I then preached on "You Must Be Born Again" and then gave the alter call. Nearly 20 people received Jesus as their Savior. I then prayed for all the people in turns. **Many were touched by the Holy Spirit and healed from various diseases.**

August Mission Trip to Europe

In August, I made a two-week mission trip to **Spain and Italy**, holding meetings at **4 places**, and ministered to **over 500 people**. I stopped by **Paris, France** for flight transfer. There was no meeting in Paris because the coworkers of **the Revival Church** decided not to have meeting for this year. After I arrived in **Madrid, Spain** the next day, I was surprised to meet a house church leader from **Wenzhou, China**, and we talked about the church situation in Europe. The following afternoon, not many people showed up for the meeting. After I preached, they were on their knees, weeping and praying. When I prayed for them, many fell down in tears and some were filled with joy. The next morning, I took the high-speed train to **Barcelona, Spain**. We met in the Sunday afternoon at the church building and it was the first time being used with the new permit from the government. There was no PA system so I had to preach loudly. Most of them were on their knees in prayers after my preaching. When I prayed for sisters, they all fell down in weeping. In the afternoon, they had the baptism and communion. In the evening after I preached, several sisters were filled in great holy laughter. I then prayed for people to be filled with the Spirit of joy.

On Tuesday, I took a flight to **Bali, Italy** and was hosted by **brother Hwang**. The next evening, I visited a brother's home and prayed for his family who just moved there. I then took an overnight train to **Florence, Italy**. The next evening, we began **the revival meetings** at their newly rented church building. After preaching, I prayed for the young people and many fell in tears. The next morning, there were more people arrived from various places in Italy. After preaching, I prayed for them and they all fell in tears. In the afternoon, I preached again and then led them in worship. When I prayed for them, they fell down quietly. In the evening after my preaching, many were filled with joy. In the next morning, the meeting place was packed and

they worshiped in one accord. They all listened to my preaching attentively. Afterward, they all came out and prayed on their knees. Later I prayed for them and they fell in weeping. In the afternoon, I led them in singing praises with dance. After preaching, I prayed for them in groups. Many fell down in tears and were touched by God's love. I then took a night flight to **Catania in Sicily, Italy**.

The next morning, we met at the Chinese Church in the city and people came from various places in Sicily. The young people band led the worship. After my preaching, they all came forth and prayed on their knees in weeping. **They had a simple heart and great hunger for God**. I then prayed for them and they all fell in tears. Because of the hot weather, we had to take a break to rest at noon. After preaching in the afternoon, I first prayed for the young people and they all fell down quietly. In the evening, I prayed for the sick after preaching. I anointed the towels for the healings of their families. After preaching the next morning, they cried out to God and **the presence of God manifested**. I prayed for them and they fell down for a long time. In the afternoon, **the Holy Spirit moved mightily** after the worship and they all fell in tears. After preaching, I prayed for them again, they were filled with the joy and on fire of the Holy Spirit. In the evening, they all danced in praising God. After preaching, I anointed them for the blessings.

October Mission Trip to Vancouver Canada

In October, I had a one-week mission trip to **Vancouver, Canada**. We met at **5 places**, ministered to **over 1,000 people**, and led nearly 20 to the Lord. After I arrived on Friday, I ministered that night at **Heavenly Bridge Church**. I preached especially for the teenagers. Later when I prayed for them, they encountered **the presence of God** and fell down for a long time. The next evening, I ministered at a new branch church. After preaching, many came forth to receive prayers. In the next morning, I ministered at the two Sunday services at **Bread of Life Church in Richmond**. After I prayed for the people, many were in tears and receiving healings and deliverances. In the afternoon, I preached at Sunday service of **Amazing Grace Church**. Many came forth to repent and receive prayers. I also laid hands on the children for blessing.

I took a break during the week and then ministered at **Christ Worship Center** on the weekend. As we worshiped in the Friday evening, **the presence of God manifested**. I preached especially for the coworkers, prayed for them and they all fell quietly. In the next morning, I gave a talk to encourage them. In the evening, I preached the Gospel and led some to the Lord. I also prayed for the sick. On Sunday service, I ministered at **their new church building in Surrey**. The date was 10/10/10 so I encouraged them to take the opportunity for participating in **the building project**. The new building structure has finished and the interior needs remodeling which requires 3 million dollars. Rev. Chang believes in God's vision for this project and God will complete the work.
