January Ministry Trip to Honolulu, Hawaii

In early January, I was invited by **New Life International Church** for a one-week trip to **Honolulu on Oahu, Hawaii**. It was my first time visiting Hawaii. I stayed at YWAM's hosting house and it was quite comfortable. I preached in English at **Unified Church** on Sunday morning. After preaching, I laid hands on the people and many fell quietly. In the afternoon, I preached at a Chinese church and laid hands on people as they fell quietly. I then prayed for personal needs and led several family members to Christ. Later I heard **many wonderful testimonies** because God was moving beyond our expectation. More people came to the prayer meeting on Thursday night. As we waited upon the Lord before the meeting, **the presence of God manifested** so strongly. After preaching, I anointed their intercessors. We also interceded for their family members.

I took several local tours by car during the week. I enjoyed the good weather, the beautiful scenery, and the hospitality of local people. **It is from here that our ministry broadcasted the short-wave radio program called "Revival Sound" to China** for many years in the past and had impacted China greatly. **Hawaii is a very strategic place** because of its location between China and continental U.S. On the next Sunday service, we started with the sharing of testimonies. After preaching, I gave an alter call for salvation. I was surprised to see **many came forward to receive Jesus**. Lastly, I anointed the fulltime ministers and they all fell down quietly.

February mission trip to Central China

In February, I was on a two-week mission trip to **Henan and Hubei in Central China**. We held meeting in **13 places** and ministered to **nearly 3,000 people**. Most places were at **house churches in Henan**. Henan is the largest province in China. Those house churches are experiencing **great revival**, large number of conversions, as well as **frequent persecution**. It has been awhile since my last visit there, but to my surprise, **so many people showed up for the meetings**. The local house churches are still impacted by my past ministry. Unfortunately during a meeting near the end of my trip, **I was arrested by the National Security Police of the Chinese Government!** I was interrogated and all my personal items were inspected. I was released later in that evening and they confiscated all my electronic devices. There is still **no religious freedom in China**, even when it appears to show some improvements. **The Chinese government** still limits Christian meetings and opposes the mission work of preaching the Gospel. The oversea churches still need to continue **praying for China and for our ministry**.

I first arrived at a city in **Henan**. The next morning, we met at a spacious room with coworkers from nearby areas. As I taught the worship song, many were moved to tears. I preached and then as I began to minister, **everyone fell down all together in weeping**. In the afternoon, I preached and then laid hands on coworkers according to their regions. Many were filled with the

Holy Spirit in holy laughter or on fire of the Spirit. Lastly, I prayed for healing as **people fell all over the place** in the presence of God. Afterward we went to the host family in another city. The next morning, we met inside an old building in the countryside. After preaching, I prayed for people and **they fell all together in tears**. In the afternoon, the Spirit of joy came and they were filled with holy laughter. Later an elderly brother drove me to another city in a hurry. He drove so fast that **we almost got into accident several times**. We arranged a meeting with a short notice and still hundreds of people came. I laid hands on them at once and many were filled with the Holy Spirit in weeping or in laughing.

We then went to a remote village by midnight. The next morning, we met with mostly elderly coworkers. After preaching, I laid hands on them and they fell down quietly. In the afternoon, they were filled with great joy. As I prayed for healings, they all rushed to the front. We then went to a town at the mountain area in **Hubei**. The next morning, the small meeting place was packed with coworkers. After preaching, I laid hands in groups and they fell in tears. The Spirit of joy came in the afternoon and they fell in great laughter. **The Holy Spirit moved mightily**. Later we went to a city in **Hunan**. The next morning, we went to the meeting place in the countryside. Coworkers from various areas already met for a few days. After teaching the Bible, I laid hands on them in groups and they all fell down quietly. In the afternoon, I preached and prayed for personal needs. I preached again the next morning and prayed for all the missionaries. After preaching in the afternoon, the Spirit of joy came and many fell in great laughter. Later I anointed them in groups and **the Holy Spirit moved mightily**.

Afterward we went to a remote city. The next morning, the meeting place was packed. As I prayed for them in groups, they all fell in weeping. **The Holy Spirit moved strongly and many sick were healed**. In the afternoon, the Spirit of joy came and they were in great laughter. We then went to a house church in the countryside. After preaching in the next morning, I laid hands on people in groups and they fell down in tears. In the afternoon, the Spirit of joy came and they were in laughter. Afterwards, we went to another city to rest. The next morning, we held the meeting at a nearby village and **it was packed with nearly 1,300 people**. After preaching, I laid hands on everyone for healings and it took a long time. After preaching in the afternoon, I began to pray for people and the crowd all came up at once. **It was very chaotic** and I had to stop the ministry for safety reason. We then went to a village near **Hubei**. The next morning, people packed the meeting place. After preaching, I laid hands on coworkers and they fell in tears. In the afternoon, they were filled with holy laughter.

We went to a remote city by midnight. The next morning, the meeting place was packed. After preaching, I laid hands on people and many fell down in tears. In the afternoon, the Spirit of joy came and they were in great laughter. Afterwards, we went to another city and preached **at a factory** the next morning. Although not many people attended the meeting, **the police showed up and arrested me**. After I was released that evening, I went to a host family in another city and departed on the next day.
